## eCard User Guide

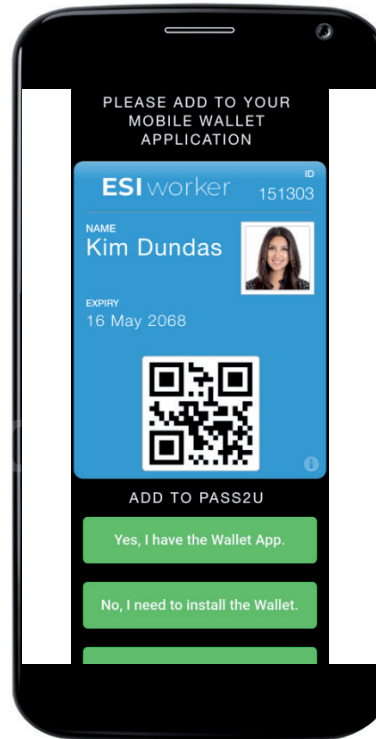

Android

Please follow this step-by-step guide to add your eCard to your wallet. You will receive a text message with your eCard. You may be asked to produce it for scanning on site.

### Step 1

Click on the second half of the text message to be taken to a browser to download.

### Step 2

Choose from the three options presented:

- Add to you PASS2U wallet
- Install the wallet and add eCard to the wallet
- Bookmark your card to your browser

### Step 3

Your eCard is saved and ready to use. Scan the QR code when you arrive on site when prompted.
